"Where tradition meets
technology in nature-inspired
campus"

About MAEER'S

Maharashtra Academy of Engineering Education & Research (MAEER) was the first step in the educational revolution in the private sector in Maharashtra, which is the third largest state in the country. In the early eighties, Maharashtra, despite its rich heritage, the teachings of myriad saints, and a lineage of some of the greatest leaders in the world, faced a lack of sufficient opportunities in the field of education in private sector.

MAEER (Maharashtra Academy of Engineering and Educational Research) was established in Pune in 1983. Prof. Dr. Vishwanath D. Karad founded MAEER, and it began with the launch of one of Maharashtra's first private engineering colleges, Maharashtra Institute of Technology (MIT). To this day, it remains the flagship institute of MIT Group, with the sole objective of meeting the long felt need of a centre of scientific and educational research, which would meet the challenges posed by the present and the future technical advancements, MIT Group of Institutions established as a society and charitable trust.

Since then, the Group has grown in leaps and bounds, and has made a strong impact in the field of education throughout the country. With more than 10 campuses in Maharashtra, spread over hundreds of acres, MIT Group provides education in disciplines such as engineering, medicine, pharmacy, marine engineering, management, design, food technology, retail management, business administration and governance, apart from school education. At any given point of time, more than 70,000 students are pursuing various courses all over the 72 MIT Institutions, under 5 private universities.

With a rich legacy of 40 years in fostering world-class academic excellence and over 1,00,000 alumni worldwide, MIT is a premier engineering institute approved by AICTE and affiliated to the best Universities in the country, dedicated to providing world-class technical education & fostering innovation. With state-of-the-art facilities and a vibrant campus life, we prepare students for global challenges. We offer unparalleled experiential learning opportunities to our students that seamlessly integrate academic programmes.

We are proud to bring the legacy of MIT Pune to the Mumbai Metropolitan Region with the launch of our new Engineering College from the academic year 2025-2026 - where tradition meets technology in a nature-inspired campus.

Leaders

At MIT, our leaders inspire innovation, foster academic excellence, and drive progress. With a vision for holistic growth, our experienced faculty and leadership team guide students toward success.

Prof. Dr. Vishwanath D. Karad
Founder & Chief Patron
MAEER'S MIT Group of Institutions,
Pune.

Shri Rahul V. Karad
Managing Trustee & Executive
President MAEER'S MIT Group
of Institutions, Pune.

Prof. Mrs. Jyoti A. Dhakne
Trustee MAEER'S MIT Group of
Institutions, Pune.
Executive Director, MIT-Mumbai.

Why MIT?

Sprawling 14 Acres of Lushgreen Campus

- Experienced and qualified faculty and staff members
- Spacious and well-ventilated smart classrooms.
- State of the art library.
- Well-equipped laboratories.
- Collaboration with Edtech companies for industry standard certificate courses.
- Value added courses and skill based programs to bridge the gap.
- One week paid international study tour programs (free for golden scholar batch)
- Regular visit to industries and IITs & IIMs for academic excellence.
- Institution supported mandatory paid internships Biweekly industry leader interactions
- Encouragement to entrepreneurship via incubation centre.
- Social outreach and extension activities.
- Campus to corporate journey via corporates guest lectures.
- Yoga, meditation and art centre.
- World class sports infrastructure like olympic size swimming pool, archery, tennis, basketball court, badminton, volleyball and multipurpose court.
- Large eco-friendly play area and environmental awareness program.
- Hostel: separate accommodation for boys and girls. Safe and secure transport facilities.

ADMISSION OPEN 2025-2026

Entrance Exam: MHT-CET / JEE MAINS

Undergraduate Engineering Programs (B.E.) Intake: 60 Seats Each
